

Prefab Walls Shop Assistant (Entry-Level)

Position: Prefab Walls Shop Assistant (Entry-Level)

Duration: May 2026 – Aug 2026

Job Level: Entry-Level

Location: Takhini River Subdivision, Ibex Valley, Yukon

Hours: Full-time (32 hours a week)

Company Overview:

We are a Whitehorse, Yukon-based construction company specializing in residential projects. Our prefab walls shop plays a vital role in producing high-quality materials for construction projects across the Yukon. We are looking for a motivated individual (16-18 years old) to join our team as a Prefab Walls Shop Assistant.

Position Overview:

As a Prefab Walls Shop Assistant, you will work in a fast-paced workshop environment, assisting with the fabrication and assembly of prefab walls. This is a great opportunity to gain hands-on experience in construction and learn how components of buildings are made.

Key Responsibilities:

- **Assist in Wall Fabrication:** Help assemble prefab wall sections, including cutting and preparing materials, securing components, and following instructions from the team.
- **Material Handling:** Load, unload, and move materials to the appropriate workstations, ensuring the correct materials are available for fabrication.
- **Tool & Equipment Operation:** Learn to safely use basic workshop tools (saws, drills, etc.) and machinery under supervision.
- **Quality Control:** Assist in checking the quality of materials and finished wall sections, ensuring they meet safety and quality standards.
- **Site Cleanliness & Organization:** Keep the shop area clean and organized, including sweeping, removing waste, and ensuring tools and materials are properly stored.
- **Safety Compliance:** Follow all safety procedures and wear the appropriate personal protective equipment (PPE) while working in the shop.

Requirements:

- **Age:** Must be between 16-18 years old.
 - **Interest in Hands-On Work:** No prior construction experience required, but an interest in learning about prefab construction and working with tools is essential.
 - **Physical Ability:** Ability to lift heavy materials (up to 15 lbs) or according to their ability.
 - **Attention to Detail:** Strong focus on ensuring the quality and accuracy of work.
-
